National Pesticide Information Center: 1800-858-7378

<http://npic.orst.edu/contactus.html>

DEC's interactive Online Mapping System:

Allows you to generate local maps showing a variety of environmental features, including: mines and regulated wells, stormwater permits, superfund sites, facilities with significant discharges to water or air, solid waste management facilities, sediment and other deposits in the bed of the Hudson River, and other more. Especially useful for Earth Science teachers!
