

Schoolyard Survey- Map Team

Team Members: _____

Date: _____ Time: _____

Cloud conditions: ___ No clouds ___ Some clouds ___ Overcast

What direction is the wind blowing from? _____

For your survey area:

Include on your map all of the ground surfaces in your study area, such as grass, concrete, brick, dirt, stone, or mulch. Include any worn footpaths through grassy areas.

Are there any slopes or ditches in your study area? _____ If yes, include them on your map.

Are there low spots or ditches that are damp, soggy or have water in them? _____ If yes, describe below.

Are there areas that are currently in shade, for example, near the school building or near a tree? _____
If yes, record the shady area on your map.

Schoolyard Survey- Human Use Team

Team Members: _____

Date: _____ Time: _____

Describe how people use the schoolyard. Use complete sentences.

How do people move through the site: on foot, by bicycle, by car? What paths do they take?

What do people do while on the site? How long do people stay?

Are there places for people to sit? What are seats made of? Are they in the sun or shade?

Where do people play on the site? Are the play areas sunny? Is there a place to get out of the sun?

What would you like to see done on your schoolyard to make it more inviting and comfortable?

How did people use this site 25, 50 and 100 years ago?
