OUR PURPOSE

Friends of Reinstein Woods is a volunteer-led, nonprofit organization that supports environmental education programs offered through Reinstein Woods Nature Preserve.

In partnership with the New York State Department of Environmental Conservation (DEC), the Friends group introduces more than 11,000 school-aged children to nature each year.

"I fell in love with Reinstein Woods the first time I went there. I was just blown away by what I saw. This beautiful world that felt a hundred miles from civilization"
- Jeff Bucki, member

Your membership supports special programs that engage students from urban, underserved neighborhoods at Reinstein Woods and in their own backyards. Friends of Reinstein Woods also supports programs that train educators to incorporate environmental education into their classrooms and schools.

SHARE IN NATURE'S HARMONY

Whether you explore Reinstein Woods on a bird walk, attend an energy-saving seminar, or volunteer to clear trails, Friends of Reinstein Woods wants to help you share in nature's harmony. We offer diverse and quality environmental education programs year round. We also rent snowshoes and cross-country skis all winter at Reinstein Woods.

Our funding and volunteers also support stewardship projects designed to protect and restore the natural habitats at Reinstein Woods. Together, we can ensure that future generations have the same opportunity to explore the beauty of our environment.
