

**Phragmites Strike Team Monitoring Form: Decimal (For use with smartphones)**

Name: \_\_\_\_\_ Date: \_\_\_\_\_

**SOUTHERN STANDS**

Time IN: \_\_\_\_\_ Time OUT: \_\_\_\_\_

Add any new stands on blank lines at the end of this sheet.

*\* Treated in 2019.*

Site	Site Name	Lat.	Long.	NOTES	STATUS: None found(NF); Low density-removed; High density- not removed. Note any chrysalis found.
1A	Birdsong Marsh	42.885017	-78.714867	Isolated clump NE of Birdsong Marsh.	
1B*		42.886117	-78.715817	Large stand W of where trail crosses Birdsong Marsh.	
1C		42.886300	-78.716483	Clump N of patch B in woods.	
1D		42.886550	-78.713600	Isolated stems in middle of cattails	
1E		42.886083	-78.713733	Isolated clump- N side.	
1F		42.886933	-78.714667	E side of road; back into wet area.	
2	Willow and Typha Marsh area	42.883700	-78.715267	Along Willow and Typha Marsh (ponds) junction, surrounds Willow.	
2		42.884350	-78.715167	Isolated stems.	
2		42.884250	-78.715317	Isolated stems.	
2		42.884083	-78.715283	E side of trail.	
2		42.883917	-78.715233	Next to Typha Marsh.	
2		42.883550	-78.715617	Next to open water.	
3		42.882583	-78.714867	SE property border; difficult to reach - heavy undergrowth.	
3		42.883067	-78.715283	Isolated stems along trail.	
4		42.882883	-78.717833	4 is small patches in forest on N side of road. A: next to road.	
4		42.882933	-78.718317	Farthest NE patch.	
4		42.883267	-78.717250		

Site	Site Name	Lat.	Long.	NOTES	STATUS: None found(NF); Low density-removed; High density- not removed. Note any chrysalis found.
4		42.883000	-78.717333	Farthest W across from deer enclosure	
5A		42.882317	-78.719517	A low density patch S of east-west rd.	
5B		42.882783	-78.720650	Dense stand N of east-west road.	
6*		42.884133	-78.717433	Surrounds Orchard Pond	
7	Woody Marsh	42.883267	-78.720117	Extends around Woody Marsh (pond)	
8*	Muskrat Marsh S	42.884517	-78.718983	S- side of Muskrat Marsh going west from Honorine Drive Rd	
9		42.885333	-78.718000	Small patch surrounded by cattails E of Honorine Drive in Birdsong Marsh.	
10*	Muskrat Marsh N	42.885050	-78.719667	N side of Muskrat Marsh; extends W almost to patch 11.	
11		42.884117	-78.720533	Starts where Muskrat Marsh narrows into a stream and heads W.	
12		42.885450	-78.720333	Isolated clumps in low spots in forest btw Flattail Lake, Muskrat Marsh & Tussock Marsh. Eastern-most patch.	
12		42.885117	-78.718617	W side of deer enclosure trail	
12		42.884833	-78.721367	E of Beech Tree Trl near trail marker 3.	
12		42.884183	-78.721683	N of Beech Tree Trl near trail marker 5.	
13		42.883367	-78.722783	Isolated stems S of Tussock Marsh.	
14	State Symbol Trail	42.887583	-78.717333	Along Sanctuary border of State Symbols trail.	
14		42.886750	-78.718567	Largest patch; In center of trail loop.	
14		42.887467	-78.718450	Isolated young stems on corner near intersection with trail to stone house.	
14		42.887500	-78.717967	Isolated stems S side of Lily Loop trail.
