HEALTH PROFILE:

Once you have successfully registered for camp, your child’s health profile must be completed. These forms must be filled out before camp starts or the child will not be allowed into camp. If you don’t finish these forms when you register, CampDoc will send e-mail reminders to you. The due date for the Health Profiles 100% completion will be the Monday before your selected camp week starts. You will receive reminder emails from the camp director if the health profile is not complete. The Lockout date is the date when you can no longer make changes to your
camper’s health profile without confirmation from the Camp Director. The lockout date will be the Friday before your selected week of camp starts. This date will also be listed. The Health Profile’s main page displays this information as well as some tips. Click “Continue” at the bottom of the screen to start.

1) General Information:
   • This is your generic contact and camper demographic information. Your email address and phone number are vital for communication. When this is completed, select next at the bottom of the screen.

2) Drop-off/Pick-up:
   • Your child will ONLY be released at the end of each day to someone who is on this list. We will need to see ID of the AUTHORIZED individual at pickup each day. Fill out the information for the two drop off/pick up individuals.
   • If there is expected to be more than two authorized pick-up people, you will need to let the Camp Director know their name and contact information prior to camp starting or during camp drop off/pickup. For safety reasons, anyone who is not authorized and who does not have ID with them will not be allowed to pick up your child.

3) Emergency Contacts:
   • These will be the first two individuals to contact in case of an emergency at camp.

4) Allergies:
   • Please fill out this part in detail so we are aware of your child’s allergies. Any questions or concerns should be directed the Camp Director.

5) Health History:
   • Please complete this part honestly so we may meet your camper’s needs and give them the best camp experience possible. If your child has serious health issues, we recommend that you contact the camp director to discuss prior to registering. Camp staff are not permitted to administer medication. While we welcome children with disabilities to participate in camp whenever we can accommodate them, please note staff are unable to provide one-on-one childcare during camp activities. Please call 683-5959 x204 or send an email to Campdirector@reinsteinwoods.org to discuss any accommodations or concerns with the Camp Director.
