Interpretive Trails

Lily Pond Loop (0.3 mile)

Circling Lily Pond, this trail features scenic overlooks and close approaches to several ponds with excellent opportunities to view ducks, geese, turtles, and other aquatic wildlife. See a variety of animal homes along the way and enjoy the pink water lilies in summer. This is a flat trail over crushed stone and mowed grass.

State Symbols Trail (0.1 mile)

This trail features signs describing New York's state symbols. View forest and cattail marsh habitats along the flat trail over crushed stone.

What's Your Footprint Trail (0.6 mile)

Winding through diverse forest and wetland ecosystems, the Footprint Trail highlights efforts to minimize our "footprint" on nature. The trail offers a gentle grade over crushed stone.

Beech Tree Trail (0.5 mile)

Explore a beech-maple forest. Learn about the unique features of a mature forest and what makes it so valuable to wildlife. This trail offers a gentle grade over crushed stone.

History Trail (0.8 mile)

This trail features the history of Reinstein Woods—from pre-European settlement, through the preserve's creation, to its current ownership by New York State. The trail offers a gentle grade over crushed stone.

OTHER TRAILS

Hidden Pond (0.3 mile)

A flat trail over crushed stone

Lower Pond (0.4 mile)

A gentle grade over crushed stone

West Pond (0.5 mile)

A flat trail over crushed stone

Old Field Trail (0.1 mile)

This is a flat trail over crushed stone and mowed grass. Take it to the end to walk the Labyrinth in the Woods.

FEATURES

Stone House

Dr. Reinstein built the stone house in 1965 as a summer home on the shore of Flattail Lake.

Nature Play Area

Come to the place for free-form nature play—where kids can explore and build with tree branches.
